

Our Purpose

The Learning Garden Christian Preschool encourages children to express their individuality and learn in a play-based environment. We recognize each child's need to build on their experiences with hands-on, age appropriate activities. Our staff members have many years of experience and education in the field of early childhood and early intervention. We are here to guide your child through curricula that cover Kindergarten readiness skills, social skills, and core Christian values. We are here to provide support for both the child and parent's needs during their time in preschool.

Our Programs

Our Preschool program uses three main curricula. The first outlines age appropriate skills and concepts taken directly from the NAEYC (National Association for the Education of Young Children). The second is a social skills curriculum from the Core Knowledge Foundation. The third is a Christian curriculum from Gospel Light which teaches core Christian morals and values.

❖ Threes

The Three's program builds on all the skills taught in the Two's, and carries them further. At this level we are also working on building a sense of independence and a feeling of security with the child's own individuality.

❖ Fours

The Four's program continues with all of the curriculums, but at the four year old level. At this age we are working on work habits, and personal responsibility to insure our students are ready to move on to Kindergarten.

Program Overview

❖ Twos

The Two's program sets the stage for the child's beginning steps to learning. Language, motor, cognitive, and social skills development are addressed in a warm, caring, and Christian environment.

❖ Pre-K

The Pre-K program is a unique program that is specifically designed for children who need an extra year of Preschool. These children must have completed a Four's program here, or elsewhere before entering this program. The curricula are designed to insure kindergarten readiness and foster self esteem.
